Program

Day (3),:

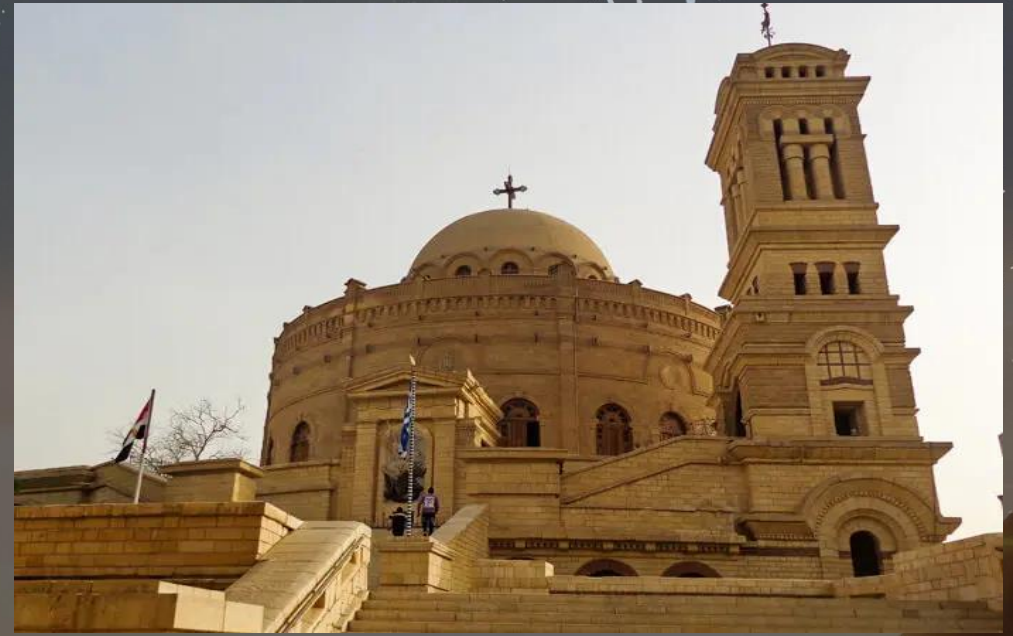

Coptic Cairo.

Coptic Cairo is a unique area with Old Cairo that has a concentration of Christian churches and other sites that date from the centuries between the decline of the pharaonic religion and the arrival of Islam when Egypt had a Christian majority. Coptic Cairo is largely built around the fort of Babylon on upon the remains of its walls.

There are also six churches here that date back to the early Christian era. The Hanging Church, or the Church of the Virgin Mary, was built in the 9th century to 'hang' high upon the walls of Babylon. The effect of this 'hanging' is now diminished significantly as ground levels have risen around the walls.
